# FocalPoint™ 4.0

Electronic Monitoring Application

Simple. Reliable. Accurate.

FocalPoint is an award-winning, electronic monitoring application that offers easy-to-use, on-demand access to critical offender tracking data.

Running an effective electronic monitoring program depends on leveraging smart multitasking tools. Flexible options from Omnilink, a Numerex Solution, make it easy to manage persons of interest anytime, anywhere, from a desktop, smartphone, or tablet. Built to increase efficiency, FocalPoint offers streamlined functionality with a secure platform.

FEATURES

Browser compatibility for Explorer, Chrome, Safari, and Firefox

Comprehensive location and mapping functionality including filtering and location history

Robust reporting including export capabilities

Language support for Spanish and English

Alert tagging and alert notifications through text or email

Zoning and customizable geofencing

Intuitive, quick reference dashboard

Drag and drop scheduling

BENEFITS

Flexible options for tracking offenders regardless of location or device

Provides intuitive software that is user friendly and easy to learn

Increases efficiency through customizable system configurations

Enables quick response to offenders who abscond or take flight

Reduces recidivism of monitored offenders

FocalPoint Mobile

Available for both Android and Apple devices, FocalPoint Mobile enables agency or department staff on the go to track, monitor, and manage persons of interest directly from a smartphone or tablet.

The newly redesigned mobile application offers these features:

- Voice guided turn by turn directions using Google® or Apple® maps

- Enhanced mapping features and comprehensive location data

- Alert management: Clear or tag an alert and add notes

- Photos and personal information of offenders

- Direct application to device communication

- Updated home screen views
